OBJECTIVES

Enthusiastic and detail-oriented third-year IT engineering student with a strong foundation in backend development, databases, and networking. Passionate about problem-solving and eager to apply my skills in real-world applications. Seeking an internship or entry-level role to enhance my technical expertise and contribute to innovative projects.

PROJECTS

Online-Learning website

Jan 2023 - Present

- Developed a full-stack online learning platform using React.js, Node.js, Express.js, and MongoDB.
- Implemented user authentication, course management, and video streaming features.
- Designed a responsive UI for better user experience and accessibility.

Elderly care and Assistance Platform

Mar 2021 - Dec 2022

- Built a comprehensive web platform to assist elderly individuals with health monitoring, emergency alerts, and appointment scheduling.
- Developed a real-time alert system using WebSockets to notify caregivers about emergencies.
- Integrated telemedicine features for virtual consultations and medication reminders for better healthcare.

Feb 2020 - Jan 2021

- Used Node.js and Express.js for backend development and MongoDB for efficient data storage.

Internship

Internship

Summer Internship – Full Stack Developer HP PARAM SOLUTION

Worked on HTML, CSS, JavaScript, React.js, Express.js, Node.js, and API development. Gained experience in backend development and database management using DBeaver.

EDUCATION

2022 - 2026

B.tech in Information Technology

Birla Vishwakarma Mahavidhalaya ,v.v.nagar

- Specialization in Advanced Manufacturing.
- Thesis on "Innovations in Sustainable Engineering Practices".

SKILL

- JavaScript (Node.js),React, TypeScript, Java,c++
- MongoDB,MYSQL,
- Spring Boot,RESTful API
